

INDUSTRIAL PAINTER

Full-time Position • Immediate Start

Established in 2002, DyMark Industries is a diversified corporation specializing in the design, manufacture, finishing and erection of structural steel, miscellaneous metals and custom fabrication projects. We proudly serve the mining, construction, agriculture, government and weighing technology sectors.

At DyMark Industries, our guiding principles of quality, passion, respect, safety, growth and innovation play an important role in the work that we do and the clients we work with. We actively search for staff that support and enhance these principles to assist in moving the corporation forward. We thrive on tackling complex large-scale projects that will leave you with a sense of accomplishment when the work is done.

INDUSTRIAL PAINTER

Position Overview

DyMark Industries is currently seeking a highly motivated team player for the position of Industrial Painter at our Industrial Paint and Coatings Division in Warman, SK. The Industrial Painter performs industrial painting activities to complete the finishing stage of metal fabrication and structural steel projects for DyMark Industries. The successful candidate must possess previous knowledge of industrial painting, paint equipment and painting processes, including how ensure job specifications and quality control processes are met. The successful candidate will be required to wear respiratory protective equipment and follow all policies and procedures for safety; valid WHMIS certification is required.

Required Education, Skills & Abilities

Minimum Grade 12 education is required along with 2-3 years work experience. Preference will be given to candidates with previous experience with industrial painting of steel and miscellaneous metals. Forklift operator certification and experience working in a metal fabrication facility an asset. A valid driver's licence is required. This position may require work to be performed indoors and outdoors; as well as physical exertion to carry and set up workpieces for painting (weight handling up to 27kg; 60 lbs). **Please note that DyMark Industries is engaged in work activities defined by OH and S Regulations as high hazard work. Due to the safety hazards associated with steel fabrication, building erection, and working at construction and mine sites, safety is a bona fide occupational requirement and DyMark Industries has a zero tolerance policy for any employee that reports to work impaired on any DyMark worksite. All employees must arrive to work fit for duty.**

Why Work with Us

DyMark Industries is committed to an inclusive and diverse workforce. We encourage our employees to contribute to our company's continued growth and corporate sustainability through diverse ideas and backgrounds.

Our company offers competitive wages in a challenging work environment with opportunities for advancement, a comprehensive benefit plan, staff rewards and recognition, discretionary bonuses as well as staff appreciation events. We encourage employee growth through education and training programs. DyMark employees also receive 5 paid sick days per year and an additional paid statutory holiday observed at Christmas.

We thank all applicants for their interest; however, only those under consideration will be contacted for an interview.
