

## Junior Steel Detailer

Full-time Position • Immediate Start

Career Opportunity

Established in 2002, DyMark Industries is a diversified corporation specializing in the design, manufacture, finishing and erection of structural steel, miscellaneous metals and custom fabrication projects. We proudly serve the mining, construction, agriculture, government and weighing technology sectors.

At DyMark Industries, our guiding principles of quality, passion, respect, safety, growth and innovation play an important role in the work that we do and the clients we work with. We actively search for staff that support and enhance these principles to assist in moving the corporation forward. We thrive on tackling complex large-scale projects that will leave you with a sense of accomplishment when the work is done.

### Junior Steel Detailer

#### Position Overview

DyMark Industries is currently seeking a highly motivated team player for the position of Junior Steel Detailer. Junior Steel Detailers work with DyMark's steel detailing team to provide accurately detailed shop fabrication and onsite erection drawings at DyMark Industries. Steel Detailers develop and prepare shop fabrication, single part, and onsite erection drawings and designs from preliminary concepts, sketches, engineering calculations, construction drawings, specification sheets and other data for exciting projects in the Saskatoon area and beyond.

#### Required Education, Skills & Abilities

The successful candidate must be proficient in reading and interpreting drawings and blueprints, as well as have the ability to complete material take offs. AutoCad and drafting experience is also an asset. Basic knowledge of steel erection and the use of Tekla (XSteel) detailing software would also be beneficial. The successful candidate must also possess strong organizational, communication and interpersonal skills as well as the ability to work unsupervised.

Please note that DyMark Industries is engaged in work activities defined by *OH and S Regulations* as high hazard work. Due to the safety hazards associated with steel fabrication, building erection, and working at construction and mine sites, safety is a bona fide occupational requirement and DyMark Industries has a zero tolerance policy for any employee that reports to work impaired on any DyMark worksite. All employees must arrive to work fit for duty.

#### Why Work with Us

DyMark Industries is committed to an inclusive and diverse workforce. We encourage our employees to contribute to our company's continued growth and corporate sustainability through diverse ideas and backgrounds.

Our company offers competitive wages in a challenging work environment with opportunities for advancement, a comprehensive benefit plan, staff rewards and recognition, discretionary bonuses as well as staff appreciation events. We encourage employee growth through education and training programs. DyMark employees also receive 5 paid sick days per year and an additional paid statutory holiday observed at Christmas.

**We thank all applicants for their interest; however, only those under consideration will be contacted for an interview.**
