

INDUSTRIAL SAND BLASTER

Full-time Position • Immediate Start

Career Opportunity

Established in 2002, DyMark Industries is a diversified corporation specializing in the design, manufacture, finishing and erection of structural steel, miscellaneous metals and custom fabrication projects. We proudly serve the mining, construction, agriculture, government and weighing technology sectors.

At DyMark Industries, our guiding principles of quality, passion, respect, safety, growth and innovation play an important role in the work that we do and the clients we work with. We actively search for staff that support and enhance these principles to assist in moving the corporation forward. We thrive on tackling complex large-scale projects that will leave you with a sense of accomplishment when the work is done.

INDUSTRIAL SAND BLASTER

Position Overview

DyMark Industries is currently seeking a highly motivated team player for the position of Industrial Sand Blaster at our Industrial Paint and Coatings Division in Warman, SK. The Industrial Sand Blaster performs sand blasting activities for metal fabrication and structural steel projects at DyMark Industries. While previous sand blasting experience is considered an asset, we are willing to train the successful candidate who is the right fit for our coatings team. The successful candidate will gain knowledge of sand blasting, industrial painting, paint equipment and painting processes, including how to ensure job specifications and quality control processes are met. This position will be required to wear company-provided respiratory protective equipment and follow all policies and procedures for safety; specific WHMIS training will also be provided.

Required Education, Skills & Abilities

Minimum Grade 12 education and a valid driver's licence is required. Previous industrial sand blasting experience and forklift operator certification are considered assets. This position may require work to be performed indoors and outdoors; as well as physical exertion to carry and set up workpieces for blasting (weight handling up to 27kg; 60 lbs). **Please note that DyMark Industries is engaged in work activities defined by OH and S Regulations as high hazard work. Due to the safety hazards associated with steel fabrication, building erection, and working at construction and mine sites, safety is a bona fide occupational requirement and DyMark Industries has a zero tolerance policy for any employee that reports to work impaired on any DyMark worksite. All employees must arrive to work fit for duty.**

Why Work with Us

DyMark Industries is committed to an inclusive and diverse workforce. We encourage our employees to contribute to our company's continued growth and corporate sustainability through diverse ideas and backgrounds.

Our company offers competitive wages in a challenging work environment with opportunities for advancement, a comprehensive benefit plan, staff rewards and recognition, discretionary bonuses as well as staff appreciation events. We encourage employee growth through education and training programs. DyMark employees also receive 5 paid sick days per year and an additional paid statutory holiday observed at Christmas.

We thank all applicants for their interest; however, only those under consideration will be contacted for an interview.
